

# HOMESCHOOL VISION PLANNER

You need a vision to take you through your homeschool year. Use these pages to document your homeschool vision.

1- Why are you homeschooling?

---

---

---

---

2- Visualize your ideal homeschool. What does it look like? What do you see? How does it feel?

---

---

---

---

---

---

---

---

3- Now use one word to describe your ideal homeschool, what word is it?

---

4- How do you want your children to learn? Is your homeschool "teacher-directed" or will you incorporate "child-led" discovery?

---

---

---

---

---

5- Where will you "teach"? At your kitchen table? On the couch in the living room? In your backyard? In a homeschool "room"?

---

---

---

6- What kind of materials and resources do you see yourself using in your homeschool?

---

---

---

---

[illegible]
